This CLASSIFICATION will be effective 5/28/16 and will expire 6/30/17.

Your financial capability is defined as the dollar threshold on the maximum amount of a project rating, which is assigned by the Department pursuant to N.J.A.C. 16:44-3.6 upon examination of the contractor's Questionnaire and financial statement submitted by the contractor in accordance with this chapter. Project Rating is defined as the maximum dollar amount that a contractor shall be allowed to bid in a particular work type on an individual project.

Bids will only be accepted from a contractor classified with the Department pursuant to N.J.A.C. 16:44-3. Bids will only be accepted from a contractor who has been classified in at least one of the work types required in the project advertisement. Bids will be accepted from a contractor in an amount that does not exceed its project rating. When there is a question as to whether a bid is within the contractor's classification or, where it reasonably appears that a contractor may not have the classification that will allow it to bid on a project for which bids are being sought, the bid will be opened provisionally. If the bid is for a different work type or in a dollar amount greater than the contractor's maximum project rating, the bid will be rejected.

In order to be continuously eligible to bid on projects to be undertaken by this Department, your next Contractor's Financial and Equipment Statement should be submitted one month before the expiration date, but must be received at least 15 days prior to the date set for receipt of bids for which the classification will be used.

Requirements of New Jersey Administrative Code 16:44-12.1 and 12.2 must be complied with by all corporations classified with the New Jersey Department of Transportation.

Sincerely,

Keith A. Daniels
